GHE's TRIPACK™ STARTER KIT

GOOD NEWS FOR ALL : RETAILERS AND END CUSTOMERS.

General Hydroponics Europe is happy to present the **Tripack**, an exceptionally convenient promotional package that will please you all. Specially designed for beginners and small system users, it is extremely economical, easy to carry and pleasing to the eye.

The **Tripack** is an excellent idea for a gift. Surprise your friends and enjoy their astonishment as, no matter which plants they grow, or the growing method they use, they will see their plants thrive in no time.

What's in it?

The **Tripack** comes in 2 models:

1. 3 x 1/2 litres of Flora-series (FloraGro, FloraMicro, FloraBloom) plus a pH Text Kit and a small bag of Dry pH Down.
2. Or 3 x 1/2 litres of One Part (Total Gro, Total Bloom) and Ripen, plus a pH Text Kit.

What's in the promotion?

Simply a 24% discount for all, distributors, retailers and end customers: each Tripack will be sold at the price of the 1/2 litres only, *the pH Text Kit and Dry pH Down are offered for free.*

AND MORE: with the sale of an AquaFarm or a WaterFarm, the Tripack will be offered to all, at a price equivalent to over 70% discount !.
